Notes on the subject called from the office

17 January 1902

Bangalore

My dear Sir,

I send you herewith for your information a letter from Mr J. N. [illegible] and I also send you my reply to it.

Yesterday I have officially received an application from Mr J. N. [illegible] for privilege leave for nearly three months and have declined to recommend that it may have effect from such date as he may be relieved by [illegible] who may be deputed to work for him during his absence. You will please observe that I have (by direction) refused to have any correspondence with this officer; I am obliged to say that he has no heart - in his work in this Dept - because he keeps back - you please say with what justification

I remain Yours very truly

not been rewarded by appreciation
of his work. He was sent to this depot
when the Free Tax system was preliminarily
introduced. No doubt he was successful
in the sales conducted in his several charges
But he does not understand that no successful
course could be adopted in his case by either
filling him to any higher grade or
by increasing his pay. He has become dis-
contented and only recently applied to be retired
his son being appointed a Police Probationer
Govt replied that as he had but in part two
of service he should obtain a medical certificate
I am not far from wrong in suspecting that
he feels the clerical work irksome
in the latter of his life. Inspection work must

for these offices are debited to the Egyptian Govt
& should be given a class of Officers suited for
work in the Dept.

In this connection - I should also mention
that Mr Abdul Azyz also wrote officially and
requested a re transfer from the Dept on physical
grounds - and on score of bad health he is
still on leave.

I leave you to judge how I can obtain
such work with such officers -

I go out - & may say that I suffer that
Egypt is the charge for officers of this sort and
the other day I saw one of the worst records - to
the Service list - & the Govt would do well to
consider - to make these changes places -
Younger blood is what I want - & younger
men who like knocking about -

I have written a much too long note - for
which Kindly excuse me & help me in the matter
I have taken liberty to bring to your notice in hope
that I may better my staff of Officers

Yours sincerely

suffer especially in the interior 3rd
general work also by the spirit of dis
appointment and discontent. I myself
have begun to think that a change in
work will be beneficial both to him and
to the work like his returning home comes.
I have not the slightest objection for his
pay being increased or any exceptional
treatment accorded to him. It is not
in my power to please him in this respect
nor am I in a position to write up on
his behalf and ask for it & do things
which cannot be done as far as I can
see. Every day I find inspection more
& more urgently called for to look after the upper
subordinates and you must help me
considerably by giving me younger &
more energetic officers. Now that the
